

HAND TORCHES

Hand Torches

Hand torches have greatly improved recently. With new reliable LED technology it is possible to incorporate powerful beams into much smaller torches. However, LED technology isn't simple. We have tested torches that completely failed after relatively short periods, some LEDs cause radio interference, others start flickering. We hope that the ones we have listed will provide you with long-lasting and impressive service. Sadly, there is no magic involved. More Lumens means more energy and a shorter battery life. You will need to decide when you are most likely to need a torch and what for. Sometimes a dull torch is better if you need to illuminate a working drawing, script or map as it will help to preserve your night vision. If you are on event security patrol a really powerful beam will help. You need to decide if you will carry it on your belt or in your pocket? Do you really need a strobe? Hopefully, you will find your perfect torch here.

MINI KEY RING TORCHES

4.2 Lumens

Ideal for ushers

Inova Squeeze Light Designed for convenient, one-handed use, the LED Squeeze Light turns on when you squeeze it, off when you let go. It is the fact that it doesn't flash and do all sorts of useless

fancy things that I like about this torch – squeeze, on; let go, off. Now even better: its rugged, heavy-duty plastic body has a loop of durable nylon cord ending in a size O S-Biner for even faster attachment. So it's even simpler for the LED Squeeze Light to be attached to key rings, belt loops, tool belts, zipper pulls, and lanyards, making it easy for you to shine bright white light instantly, whenever you need it. Ever tried undoing a combination lock in the dark?

SMALL INSPECTION TORCHES

The perfect inspection torch

18 Lumens

LED Lenser® P4BM Professional Torch A slim pen-like torch which is ideal for engineers and technicians. Black.

- ✓ Easy-slide speed focus
 - ✓ Blue Moon Technology [don't ask me – but I'm sure it's great!]
- Batteries: 2 x AAA. Dims: 147 x 14.5 mm. Beam: 25 m. Battery Duration: 8.5 h. Weight: 53 g.
- Supplied with: pocket clip, wrist strap, belt pouch and batteries.

| | | | | |
|------------------|-------------------|---------|--------|-----------|
| LED Lenser® P4BM | LED Colour | code | list | Tradeline |
| P4BM | High output white | LEDP4BM | £21.96 | £17.15 |

It's powerful!

37 Lumens

Maglite® Solitaire LED Using just one AAA battery, the Solitaire is a smaller and lighter option than the P4BM above. It is really a key ring torch but makes a great small inspection torch too. It also whacks out an impressive 37 lumens. The catch is the battery life is correspondingly lower. Black.

1 x AAA. Dimensions: 81 x 12.7 mm. Beam length: 61 m. Battery duration 1 hr 30 mins. Weight: 24 g.

Supplied with: batteries and key holder.

POCKET TORCHES

My favourite ever torch even has a bike mount!

NEW TYPE

140 Lumens

LED Lenser® P5 Professional Torch I have tested at least 50 torches from various manufacturers. You would be surprised how many simply conk out after a good tough trial or indeed trail. Out of all of the ones tested, this was my absolute favourite and the one I still choose to take with me whether working on-stage or outdoors in the hills or at sea. Amazingly, it has just been upgraded giving even more power AND longer battery life! The battery life seems lower in the specifications because it is now measured to a different standard [to 30% power], it has in fact increased in duration. Black.

The reason I score this torch top marks is:

- ✓ Convenient pocket size and light weight
- ✓ One-handed on/off button. A really useful feature
- ✓ One-handed push speed focus
- ✓ Single AA battery. Keep a spare in your pocket, it is a better solution than having both go flat in the torch
- ✓ 140 lumens giving a stunning 120 m beam!
- ✓ Suitable for use down to -20°C
- ✓ Gold-plated contacts

Batteries: 1 x AA. Dimensions [defocused]: 113 x 26 mm. Beam length: 120 m. Battery duration 4 h. Weight [with battery]: 80 g. Water Resistance: IPx4.

Supplied with: wrist strap, belt pouch and batteries.

Bike Mount for the P5 Fits torches that are 18 - 25 mm Ø such as the P5 above. Fixes to handlebars up to 32 mm with a bolt and plastic nut you can tighten with your fingers but is supplied with a rubber strip to provide grip to smaller diameter bars. Has rotate function to precisely place your beam.

See page 326 for great value batteries.

MINI MAGLITE LED

77 Lumens

Mini Maglite® AA LED The second generation Mini Maglite® with a multi-mode electronic switch which offers FOUR operating modes - high power, low power, blink and SOS.

- ✓ A powerful beam that focuses by rotating the head
- ✓ Balanced Optics™, combining a highly refined reflector with a quality LED, for a brilliant adjustable beam
- ✓ Intelligent Energy Source Management (patent pending) balancing high brightness with extended battery life
- ✓ "Candle Mode" - unscrew flashlight head, place head down on stable flat surface and set flashlight barrel into head

Batteries: 2 x AA. Dimensions: 168 x 25.4 mm. Beam length: 141 m. Battery life: 10 h 45 min [31 h 30 min on low]. Weight: 118 g.

☐ Supplied with: 2 x AA batteries and a nylon pouch.

HAND TORCHES

NEW TYPE

LED Lenser® P7 Professional Torch The very latest version upgraded version of the P7 giving 40% greater output and a 40 m longer beam! This compact torch easily slips into a jacket pocket and can be used with a Bike Mount ☐ when its long beam really comes in handy. In fact, the beam is as bright as many motorbikes. Features a four-stage switch with three lighting modes plus one-handed rapid focus system. Water resistant to IPX4.

450 Lumens

- ✓ Powerful beam - 300 m
 - ✓ Great battery life - up to 25 h [to 30% power] on low output
- Batteries: 4 x AAA. Dimensions [defocused]: 130 x 37 mm. Beam length: 300 m. Battery duration: 25 h [to 30% power]. Weight [with batteries]: 175 g.

☐ Supplied with wrist strap, and batteries.

Bike Mount for the P7 A well-built 25 mm bike mount that will fit torches up to 29.5 mm Ø such as the P7 ☐ and the F1 ☐. Improved design, now with a rubber strap to keep your torch snugly in place. A rotate function precisely places your beam.

| P7 Professional Torch and Bike Mount | code | list | Tradeline |
|--------------------------------------|-----------|--------|-----------|
| Torch | LEDP7 | £54.96 | £42.95 |
| 25 mm Bike Mount | LED7799PT | £9.12 | £8.21 |

TORCH ACCESSORIES

Nite Ize® Lite Holster S-T-R-E-T-C-H A universal holster which stretches to fit most shapes and sizes of torches. Fits from AAA, AA, L123 to C and D cell torches. Belt clip rotates 360°, locks in 8 positions and fit belts up to 2 3/8" wide. The open ended design allows access to a torch's tail cap switch.
