

BONA NATURALE 2-COMPONENT Product Description

Features

Bona Naturale is the next generation of wooden floor protection from Bona. It combines the best from wood oil, hard wax, oil and waterborne finishes with a unique natural look and feel.

Bona Naturale 2-component is a product for surface treatment of wooden commercial floors subject to heavy wear. The unique composition of Bona Naturale creates the look and feel of pure wood. Bona Naturale has all the advantages of a durable waterborne environmentally sound system. Bona Naturale 2-Component should be combined with Bona Naturale Base.

These are the beneficial features of the product:

- Look and feel of pure wood.
- Very high resistance to wear, scuff marks and scratches thus suited even for commercial floors.
- Can be spot repaired.
- A complete system with the Bona Naturale Base.
- Easy to use – Excellent user-friendly properties.
- Good chemical resistance to household chemicals.
