

Product Information

Material Safety Data Sheet

1. Name BRUMMER PEEL

Clam Brummer Limited, P.O. Box 413, Hatfield AL10 1BZ
Tel: 01707 274813 Fax: 01707 266846
Email: sales@woodfillers.co.uk

2. Composition / Information on Ingredients

Water based dispersion wax emulsifier copolymer

3. Hazards Identification

No hazard classification.

4. First Aid Measures

Inhalation	N/A
Eyes	Wash with water for several minutes - seek medical advice if irritation persists
Skin	Wash with warm soapy water
Ingestion	Give plenty of water to drink - seek medical advice

5. Fire Fighting Measures

8. Exposure Controls / Personal Protection

Local exhaust ventilation may be required where the product is sprayed, heated or dried
Respiratory - masks when spraying
Hand - gloves if risk of skin contact
Eye - goggles if risk of splashing
Skin - standard industrial overalls if risk of splashing

9. Physical / Chemical Properties

Physical form	Milky liquid
Odour	Slight
Colour	Milky white / green
Boiling point	100 degrees centigrade (as water)
Flash point	N/A
Oxidising properties	-
Density	1.0 - 1.1 at 20 degrees Centigrade
Water soluble	Miscible
Explosion limits	N/A

10. Stability / Reactivity

Stable under normal conditions

11. Toxicological Information

Long term experience of handling this class of product under industrial conditions indicates the absence of any chronic or acute effects

Oral	Do not ingest
Dermal	Avoid contact with skin
Eye contact	Avoid contact with eyes
Inhalation	Avoid inhalation

12. Ecological Information

Biodegradability Yes

13. Disposal Consideration

Dispose of according to a recognised method of authorised waste disposal and in accordance with local and national regulations. Not classified as hazardous

14. Transport Information

Not classified as hazardous under transport regulation

15. Regulatory Information

EEC Hazard Class - none

16. Additional Information

The information contained herein is based on the present state of knowledge and does not therefore guarantee certain properties, technical performance or suitability for certain applications. This information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process. Such information is, to the best of the Company's knowledge and belief, accurate and reliable as of the date indicated. Recipients / users of our product must take responsibility for observing existing laws and regulations.

All technical chemical products can affect persons, especially those of an allergic disposition. The wearing of appropriate personal protective clothing and safety equipment is recommended as a precaution. Persons with known sensitivity should avoid contact altogether. Always ensure that the application is appropriate for the product and that use is carried out strictly in accordance with the directions.
