

SAFETY DATA SHEET

X-TEX TEXTURED COATINGS REMOVER

1. Identification of the Product

Commercial Name: X-TEX Textured Coatings Remover

Name & Address of Supplier: ECO SOLUTIONS LIMITED
Summerleaze House, Church Road
Winscombe, North Somerset BS25 1BH.
Tel: 01934 84 44 84 Fax: 01934 84 41 19
E-Mail: info@ecosolutions.co.uk
Website: www.strip-paint.com

2. Composition/Information on Ingredients

Characterisation: Patent Nos. GB 2316415, European 086997
International Appl. No. 96/03219

Substance Present	CAS No.	EINECS No.	R. No.	Concentration
LEVAGUARD TEP	78-40-0	201-114-5	R22	5-15%

3. Hazards Identification

Preparation not classified as dangerous to human health, safety or the environment.

Human: Non Hazardous
The Environment: Non Hazardous
Safety: Non Hazardous
Ecological: Readily Biodegradable

4. First Aid

If ingested, wash out the mouth with water.
Skin contact, wash the skin with soap and water.
Eye contact, wash out the eye thoroughly with plenty of clean water.
Inhalation, not applicable. VOC content 0.000004%.

5. Fire-fighting Measures

The product, as supplied, is non-flammable and will not support combustion due to its high water content.
Put out any fire with powder, foam, sand or water spray.
In case of fire, self-contained breathing apparatus must be worn.

6. Accidental Release Measures

Contain and collect spillage.

Absorb on to sand or other inert material.

Failure to contain a release must be notified to both the local authority and/or Eco Solutions Ltd.

May make floor slippery.

Do not mix with other waste materials.

Dispose of in accordance with State and local authority regulations.

Seek advice from the local waste authority.

7. Handling and Storage

Store in the containers, as supplied, at between 8 and 40 degrees Centigrade.

Do not store product in direct sunlight.

Do not allow product to freeze.

8. Exposure Control/Personal Protection

Engineering Controls: None.

Personal Protection: Avoid contact with eyes, skin or clothes.

Hand Protection: Impervious gloves recommended for prolonged exposure.

Skin Protection: Protective overalls and non-slip footwear recommended.

Eye Protection: Safety goggles where risk of splashing exists.

All personal protective equipment must comply with the appropriate EEC (CE) standards and should be maintained and stored to ensure continued suitability for use.

No occupational exposure limits have been set for the substances present in this preparation.

9. Physical and Chemical Properties

Appearance: Blue, thickened emulsion

Odour: Slight almond odour

pH: Neutral

Melting Point: < -10 deg C

Boiling Point: 101 deg C

Relative Density: Approx. 1 at 25 deg C

Viscosity: Thixotropic emulsion

Flashpoint: Not applicable

Flammability: Not applicable

Autoignition temperature: Not applicable

Explosion Limits:	Not applicable
Relative Vapour Density (air =1):	Not applicable. VOC content 0.000004%.
Vapour Pressure:	Not applicable
Solubility in Water:	Yes
Solubility in Organic Solvents:	No

10. Stability and Reactivity

Under normal conditions of storage and use, this product will be stable in its original packaging.
No hazardous decomposition produced when stored and handled correctly.
No hazardous reaction when used as directed.

11. Toxicology Information

General

This product, as supplied, does not represent any toxicological hazard to human health when used as directed.

Not classed as “Harmful if Swallowed”. May cause some irritation of the mouth and upper digestive tract.

May produce some skin irritation after prolonged contact. As for all detergents, avoid prolonged contact with damaged or sensitive skin.

Eye contact – may cause minimal irritation.

12. Ecological Information

This product is readily biodegradable.

13. Disposal Considerations

General

Consideration should be given to the level of paint/coating/finish residues present in the effluent, as these may require special treatment to comply with local regulations.

Do not wash used product into the drains.

Do not mix with other waste materials.

Dispose of in accordance with National Regulations. Seek advice from the local waste authority.

14. Transport Information

Not classified as “Hazardous for Transport” by either road, rail, sea and air.

15. Regulatory Information

This preparation has been assessed using the health and safety criteria laid down in the EEC Directives on the Control of Dangerous Substances and Preparations. It is found not be classified according to the health and safety criteria.

Not classified as dangerous to the Environment

Labelling according to EC Directives:

Symbols: None
Contains: Not applicable
Special Information: None
Risk Phrase: None
Safety Phrase: None

Non Regulatory Safety Advice
USE ONLY AS DIRECTED
KEEP AWAY FROM CHILDREN
WASH HANDS AFTER USE

SAFETY DATA SHEET AVAILABLE FOR PROFESSIONAL USER ON REQUEST

16. Other Information

This safety data sheet takes into account the enactment of Council Directive 88/379/EEC and its amendments/adaptations.

This safety data sheet is accurate to the best of our knowledge and is based on information which we consider to be reliable. It is furnished without warranty. Eco Solutions Ltd.
